

3 Lighting

9 Portable lamps and floodlights

2 ATEX portable lamp 230V for zone 1 and 21

Whether in large industrial plants or in small rooms, there are areas everywhere that are not at all or not sufficiently illuminated by general lighting. Hand lamps are best suited for working in these areas, especially our product series 9310 for hazardous areas zone 1 and 21.

It is both robust and compact - a true lightweight with useful and practical details:

- highly impact-resistant PC cover
- robust wire guard for additional safety
- metal eyelet and hook for hanging up the hand lamp in order to keep both hands free for working
- frosted cover ensures glare-free lighting for safe work
